Dear Carpenter Parents,

It is truly a distinguished honor to be selected to serve as the Principal for our Carpenter family. I have been fortunate to support the leadership of this learning community for the past six weeks, privileged to work collaboratively with many staff, students and parents and now the opportunity to create a smooth transition in my new role.

I am a graduate of Longview High School. I am also a graduate of Stephen F. Austin University where I earned my bachelors and master's degrees in education, as well as my mid management administrative certification.

My educational career began in Nacogdoches teaching at Brooks Quinn Jones and Raguet Elementary Schools. I also have teaching experience in Longview ISD where I served as Teacher, Elementary Principal and Director of the Early Childhood Center.

I am the proud mother of a daughter, son-in-law and three wonderful grandchildren now in elementary, middle and high schools in Longview.

Please know that I am a passionate, visionary educator well prepared to facilitate the ongoing success of your children within a highly engaged learning organization. Together, we will make a difference for all.

Sincerely,

Lola Moore, Principal
